A Parent Carer

When you first realise that your child experiences the world in a different way, it can feel overwhelming. But once you begin to understand their way of thinking it can be rewarding and you can learn so much from your child/young person. This free digital booklet will support you on this journey.

I just wanted to say thank you for this resource. I have been a SENDCo for many years and this resource is excellent, useful, informative, and great to pass on to all our parent carers.

Every page turned was a joy!
